Agriculture	<i>Agriculture data from Pakistan Social and Living Standard Measures 2015</i>
-------------	--

Description

Agriculture data from Pakistan Social and Living Standard Measures 2015.

Usage

data(Agriculture)

Format

A data.table and data.frame with 3324 observations of 97 variables.

hhcode Household 10 digits code.

Province Province of Pakistan

Region Region of Pakistan (Rural/Urban)

PSU primary sampling unit 8 digits code

a101 Own Land Status (Yes/No)

a102 Owned Land (Acres)

a103 Rent Out Land Status (Yes/No)

a104 Rented Out Land (Acres)

a105 Rent Received (Rs)

a106 Rented Land Status(Yes/No)

a107 Rent Paid (Rs)

a108a Amount Received by Sold Agriculture Land (Rs.)

a108b Value of land Received by Gift/Inheritance (Rs.)

a108c Amount Paid for Purchasing Agriculture Land (Rs.)

a108d Value of land Given-away/Lost (Rs.)

a109a Owned operational land (Acres)

a109b Rented operational land (Acres)

a109c Share crops basis operational land (Acres)

a109d Any other basis operational land (Acres)

a110 Total operational land (Acres)

a111a Irrigated operational cultivated land (Acres)

a111b Non-irrigated operational cultivated land (Acres)

a111c Uncultivated land (Acres)

a112 Total cultivated land (Acres)

- a113 Cost of owned land improvements (Rs.)
- a114 Cost of improvements of other than land (Rs.)
- a121a Wheat harvested per kg
- a121b Wheat harvested per 40 kg
- a121c Value of total Wheat production (Rs.)
- a121d Value of wheat given to landlord (Rs.)
- a121e Value of wheat kept by the household (Rs.)
- a122a Cotton harvested per kg
- a122b Cotton harvested per 40 kg
- a122c Value of total Cotton production (Rs.)
- a122d Value of cotton given to landlord (Rs.)
- a122e Value of cotton kept by the household (Rs.)
- a123a Sugarcane harvested per kg
- a123b Sugarcane harvested per 40 kg
- a123c Value of total sugarcane production (Rs.)
- a123d Value of sugarcane given to landlord (Rs.)
- a123e Value of sugarcane kept by the household (Rs.)
- a124a Rice harvested per kg
- a124b Rice harvested per 40 kg
- a124c Value of total rice production (Rs.)
- a124d Value of rice given to landlord (Rs.)
- a124e Value of rice kept by the household (Rs.)
- a125a Maize harvested per kg
- a125b Maize harvested per 40 kg
- a125c Value of total maize production (Rs.)
- a125d Value of maize given to landlord (Rs.)
- a125e Value of maize kept by the household (Rs.)
- a126a Pulses harvested per kg
- a126b Pulses harvested per 40 kg
- a126c Value of total pulses production (Rs.)
- a126d Value of pulses given to landlord (Rs.)
- a126e Value of pulses kept by the household (Rs.)
- a127a Fruit harvested per kg
- a127b Fruit harvested per 40 kg
- a127c Value of total fruit production (Rs.)
- a127d Value of fruit given to landlord (Rs.)
- a127e Value of fruit kept by the household (Rs.)

- a128a Vegetables harvested per kg
- a128b Vegetables harvested per 40 kg
- a128c Value of total vegetables production (Rs.)
- a128d Value of vegetables given to landlord (Rs.)
- a128e Value of vegetables kept by the household (Rs.)
- a129a Fodder harvested per kg
- a129b Fodder harvested per 40 kg
- a129c Value of total fodder production (Rs.)
- a129d Value of fodder given to landlord (Rs.)
- a129e Value of fodder kept by the household (Rs.)
- a130a Other crop harvested per kg
- a130b Other crop harvested per 40 kg
- a130c Value of total other crop production (Rs.)
- a130d Value of other crop given to landlord (Rs.)
- a130e Value of other crop kept by the household (Rs.)
- a131a Bi-products crops harvested per kg
- a131b Bi-products crops harvested per 40 kg
- a131c Value of total bi-product crop production (Rs.)
- a131d Value of bi-product crop given to landlord (Rs.)
- a131e Value of bi-product crop kept by the household (Rs.)
- a135c Total crops harvested per kg
- a135d Total crops harvested per 40 kg
- a135e Value of total crops production (Rs.)
- a135f Value of total crops given to landlord (Rs.)
- a135g Value of total crops kept by the household (Rs.)
- a136 Cost on seeds/plants (Rs.)
- a137 Cost on fertilizer (Rs.)
- a138 Cost on pesticides (Rs.)
- a139 Cost on water/electricity/fuel (Rs.)
- a140 All types of taxes paid (Rs.)
- a141 Freight/transportation/commission/insurance/storage charges (Rs.)
- a142 Permanent labour charges (Rs.)
- a143 Casual labour charges (Rs.)
- a144 Rent of equipment/animal charges (Rs.)
- a145 Other expenses (Rs.)
- a150 Total expenses (Rs.)

Education

Education data from Pakistan Social and Living Standards Measurement 2015-16

Description

Education data from Pakistan Social and Living Standards Measurement 2015-16.

Usage

data(Education)

Format

A data.table and data.frame with 141828 observations of 22 variables.

hhcode Household 10 digits code.

Province Province of Pakistan

Region Region of Pakistan (Rural/Urban)

PSU primary sampling unit 8 digits code

idc Identity code of household member

s2ac01 Can read with understanding

s2ac02 Can Write with understanding

s2ac03 Can solve arithmetic questions

s2ac04 Attended any educational institution

s2ac05 Highest level of education passed

s2ac06 Currently attending educational institution

s2ac07 Currently studying class

s2ac08 Type of currently attending institution

s2ac9a Last year expenditure on school Fees/Admission/Registration/Funds/Donations?

s2ac9b Last year expenditure on school Uniform?

s2ac9c Last year expenditure on school Books/stationery items?

s2ac9d Last year expenditure on school Examination Fee?

s2ac9e Last year expenditure on Private Tuition?

s2ac9f Last year expenditure on school transportation?

s2ac9g Last year expenditure on school hostel expenses?

s2ac9h Last year expenditure on school other expenses?

s2ac9i Total expenditure on schooling

Employment

Employment and income data from Pakistan Social and Living Standards Measurement 2015-16

Description

Employment and income data from Pakistan Social and Living Standards Measurement 2015-16.

Usage

```
data(Employment)
```

Format

A `data.table` and `data.frame` with 115910 observations of 27 variables.

`hhcode` Household 10 digits code.

`Province` Province of Pakistan

`Region` Region of Pakistan (Rural/Urban)

`PSU` primary sampling unit 8 digits code

idc Identity code of household member
s1bq01 Last month working status
s1bq02 Number of worked days in last month
s1bq03 Employment/business/economic activity status
s1bq04 Occupation
s1bq05 Industry
s1bq06 Type of economic activity
s1bq07 Income reporting (Monthly/Anually)
s1bq08 Last month cash income (Rs.)
s1bq09 Number of months worked in last year
s1bq10 Last year cash income (Rs.)
s1bq11 Part time working status
s1bq12 Part time occupation
s1bq13 Part time working industry
s1bq14 Part time economic activity type
s1bq15 Last year part time cash income (Rs.)
s1bq16 Any other work done for pay/profit in last year (Yes/No)
s1bq17 Last year cash income from other work (Rs.)
s1bq18 Sold status of in kind wages (Yes/No)
s1bq19 Last year income by selling in-kind wages (Rs.)
s1bq20 Pension or other financial benefits in last year (Yes/No)
s1bq21 Last year income from pension/other financial benefits (Rs.)
s1bq22 Income used to pay expences of household (Rs.)

Expenditure

Household's total expenditure data from Pakistan Social and Living Standards Measurement 2015-16

Description

Expenditure data from Pakistan Social and Living Standards Measurement 2015-16.

Usage

```
data(Expenditure)
```

Format

A data.table and data.frame with 24238 observation of 14 variables.

hhcode Household 10 digits code.

Food Food and non-alcoholic beverages

Hotels Restaurants and hotels
 Furnishing Furnishing, Household equipment and routine maintenance of the house
 Misc Miscellaneous goods and services
 Tobacco Alcoholic beverages and tobacco
 Housing Housing, Water, Electricity, Gas and other fuels
 Clothing Clothing and Foot wear
 Health Health
 Transport Transport
 Communication Communication, Postal services
 Recreation Recreation and Culture
 Education Education
 DurableGoods Durable Goods
 NonDurable Total expenditure on non-durable goods
